20160524 Draft NFB CAMP.docx

Eric/Lyndsey,

Please review the attached document and assist with providing action levels for air monitoring and air sampling. In addition, please include any pertinent narrative to clarify the proposed air monitoring/sampling strategy from a health physicist's perspective. Some information in the attached document are highlighted in yellow for your attention.

See sections:

2.2 Basis for Establishing the Air Monitoring Action Levels

3.1 Air Sampling Procedures

3.2 Basis for Establishing Air Sampling Action Levels

Please let me know if you have any questions.

Thanks,

Ben Nwosu

Senior Project Scientist / Group Leader

Subject: Niagara Falls Boulevard Site - Community Air Monitoring Program

Hi Lyndsey,

I am preparing a CAMP for the air monitoring and sampling activities at NFB. I would like your input as soon as I complete the draft. There are information that I am not familiar with from a HP's perspective. I may call you this afternoon just to get a sense of what additional information I could include on my own before sending it to you. You should receive it by COB today.

Thanks,

Ben Nwosu
